

MIDAS # 3540

MOUNTAIN POND
RANGELEY PLT., FRANKLIN CO., ME.

AREA 35 ACRES

MOUNTAIN POND

Rangeley Plt., Franklin County
U.S.G.S. Rangeley, Maine (7½')

Fishes

Brook trout

Physical Characteristics

Area - 35 acres

Maximum depth - 36 feet

Principal fisheries: Brook trout

Temperatures:

Surface - 66°F

35 feet - 48°F

Mountain Pond is located north of Beaver Mountain. A small inlet enters the pond's north shoreline and its outlet, Mountain Pond Stream, flows west into South Bog Stream. The pond's shoreline is undeveloped.

Water quality in Mountain Pond is good for coldwater gamefish. Ample spawning habitat is utilized along the shoreline to maintain a fishery for native brook trout. Growth is good with no competition from other fish species. The pond is not stocked.

Mountain Pond is accessible via trails from both sides of Beaver Mountain. These trails are reached by a series of gravel logging roads off Routes 4 and 17. The pond is open to fly fishing only in the open water season and is closed to fishing in the winter months. See the lawbook for additional regulations.

Surveyed - September, 1977

Resurveyed - 2000
